

# FSTD DATA SHEET

**EU-A0125**

**FSTD Airbus A320-200**

S/N: L-3 Link Simulation & Training – L1512

Located at

**Acron Aviation Training Centre Limited**

Bangkok Airways Building 3, 3<sup>rd</sup> Floor

999 Moo 4, Bangna-Trat road

Bangchalong, Bangplee

Samutprakarn, 10540

Thailand

|    |                             |                                                                                                                           |
|----|-----------------------------|---------------------------------------------------------------------------------------------------------------------------|
| A. | Type or variant of aircraft | Airbus A320-200                                                                                                           |
| B. | FSTD qualification level    | AEROPLANE FFS LEVEL D                                                                                                     |
| C. | Primary reference document  | CS-FSTD(A) initial issue and refer to section J. & K.                                                                     |
| D. | Visual system               | RSI, XT4.1, DLP-LED projectors, FOV 200degx45deg                                                                          |
| E. | Motion system               | L-3 Link Simulation & training, 60 inch, hydraulic electric, 6 DOF                                                        |
| F. | Engine fit                  | CFM56-5B4 and IAE V2527-A5                                                                                                |
| G. | Instrument fit              | According to aircraft type Airbus FSTD standard 1.9 equipped with DDRMI and FMGC<br>Thales Topflight or Honeywell Pegasus |
| H. | ACAS fit                    | TCAS II (ver. 7.1)                                                                                                        |
| I. | Windshear                   | Profiles available                                                                                                        |
| J. | Additional capabilities     | UPRT, high altitude cruise stall event, icing, full/post stall according to CS-FSTD(A) issue 2                            |
| K. | Restrictions or limitations | None                                                                                                                      |

|                                                 |                                                                                                                                    |     |   |    |     |    |           |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|-----|---|----|-----|----|-----------|
| L.                                              | Guidance information for training, testing and checking considerations                                                             |     |   |    |     |    |           |
| CAT I                                           | RVR                                                                                                                                | 550 | m | DH | 200 | ft | yes       |
| CAT II                                          | RVR                                                                                                                                | 300 | m | DH | 100 | ft | yes       |
| CAT III (lowest minimum)                        | RVR                                                                                                                                | 75  | m | DH | no  |    | yes       |
